

Product Information

Key Features

- Uniform dispersion loudspeaker for outdoor purpose.
- 2,5" woofer (full range).
- 10W @ 8 Ohm / 10W @ 70/100V Line.
- LED type: White warm LEDs (3000K).
- LED power: 12V DC / 6W. *
- IP 65 rating.
- Grass field accessory available (TEE 1003).**

* External power supply not included.

** TEE 1003 sold separately.

AL 1003 F is an acoustic enclosure with built-in LED light, ideal for ground installation in gardens and with an IP65 degree of protection. It has a 2.5" woofer. It can work both in low impedance installations with a power of 10W @ 8Ohm and in 70/100 volt line installations also offering 10W.

It incorporates 6W LED lighting with a colour temperature of 3000K powered by 12V DC (power supply not included). It is manufactured in aluminium and designed to offer omnidirectional coverage. Grass field accessory for installation available.

Applications

- Restaurants
- Hotels
- Terraces
- Outdoor Venues
- Gardens & Parks
- Sports Venues

Technical Specifications

Type	Outdoor uniform dispersion loudspeaker with LED		
Woofer	1x 2,5" full range woofer		
Power Handling (8 Ohm)	10W		
Power Handling (L100V) (L70V)	10W		
Frequency response	20 Hz - 20 kHz (± 0.2 dB)		
LED type	Warm White LEDs (3000K)		
LED power consumption	12V DC / 6W		
IP range	IP 65		
Dimensions	(H x Ø base) 670 x 108 mm	(H x Ø base) 15 x 150 mm	Net Weight 2,5kg
Enclosure	Aluminum alloy. Black painted		
Connectivity	6mm PVC multicore cable with 7 conductors of 1,5 mm		

Rear View

Use the color code and template to connect the device according to the installation requirements.

Architectural & Engineering Specifications

Aulum series includes a range of elements that combine audio and light to create a relaxed environments in outdoor applications.

AL 1003 F consists in a 2.5" full range woofer with omnidirectional coverage and warm white LED device for indirect light.

Both elements are integrated in a product that can operate in outdoor installation as gardens, house entrances or terraces, taking advantage of its high IP rate, creating a background sound and illuminating paths or specific zones.

Made of aluminum alloy and painted in black color, AL 1003 F has a base with holes for screws to facilitate the fixation to the ground in surface like pavement or even wood. If you need to place it in gardens on surface like soil or grass, you can use xxxxxx as accessory.
