

**WORK** expands his mirrorball's offer with a new 100 cm diameter reference, aiming to satisfy our customers' needs.

With this new reference, **WORK's** mirrorball series gathers a large group of products, from the 20 cm diameter up to the 100 cm, white or coloured mirrorballs, even half mirrorballs, successfully covering any installation needs.

For this new 100 cm mirrorball, we have developed an engine, prepared for its weight, with an easy and secure holding system.

**TECHNICAL SPECIFICATIONS**

**MIRROR BALL**

Diameter 100 cm.

Weight 31kg

**MOTOR**

Alimentación 220-250V AC, 50 Hz ~

Potencia 7W

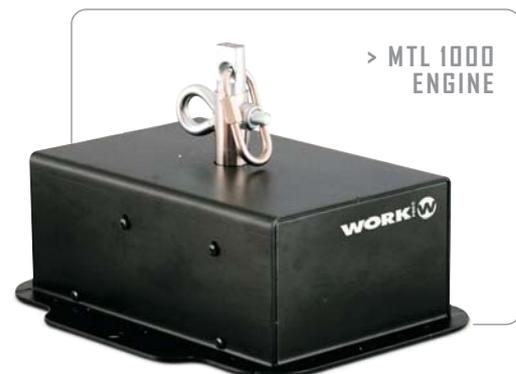

Carga máx. 40 kg

Máx. diámetro de la bola de espejos 100 (cm)

Velocidad de rotación 1 RPM

Dimensiones (La x An x Al) 280 x 240 x 110 mm

Peso: 5 kg

> MTL 1000
